Scrofula, or King's Evil, RICH F is a constitutional disease, a corruption of the blood, by which this fluid becomes virtate weak, and poor. Being in the circulation, pervades the whole body, and any burst of in disease on any part of it. No gran is frefrom its attacks, nor is there one which it mannet destroy. The scrofulous taint is a roughly mercurial disease, low lists. not destroy. The scrofulous taint is valously caused by mercurial disease, low living disordered or unhealthy food, impure air, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, cruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous country. the energies of life, so that scrofulous constitu-tions not only suffer from scrofulous com-plaints, but they have fur less power to with-stand the attacks of other diseases; conse-quently vast numbers perish by disordera which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which de-cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it.

To cleanse it from the system we must renovate the blood by an alterative medicine, and in-vigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every-where prevailing and fatal malady. It is com-bined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affec-tions which arise from it, such as ERUPTIVE and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, Pimples, Pustules, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DIS-EASES, DROPSY, DYSPEPSIA, DEBILITY, and, eases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vittlafed or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cure" expels the miasmatic poison of Fevra AND AGUS from the system, and prevents the development of the disease, if faken on the first approach of its premonitory symptoms. It is hoped this price will place it within the reach of all—the poor as well as the rich. Fever and Agne is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neap lgia, Rheumaticm, Gout, Heudache, Bindmen, Toothache, Eurache, Charrh, Ashma, Palphation, Painful Affection of the Spiene, Hysterica, Pain in the Bovels, Odic, Paralysis, and Devangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CCRR" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts.
